Sapporo Convention Center On-site(hybrid)

15 March[SAT]

Room	13:00	15:00	15:30	16:00	17:30	18:00	19:00	20:00
S Conference Hall	Public lecture					Opening Ceremony Award Ceremony		
A Mid-sized Hall A	Ecology course for high school students							
C 104+ 105	Oral Landscape ecology							
D 107	Oral Conservation							
E 108	Oral Evolution							
H 201+ 202	Oral Biodiversity							
I 207	Oral Fungi and microbes	Life history of plants	Plant community					
J 206	Oral Animal population	Life history of animals	Animal reproduction					
Main Hall							Opening mixer	
Online	Online Poster(ONLINE CONF)-Virtual lobby(SpatialChat)							
Room	14:30	15:00	16:00	17:30	19:00			

16 March[SUN]

Room	9:00	10:00	12:00	14:00	15:30	16:00	17:00	17:30	18:00	19:30	
1F	S Conference Hall	S01 Species responses to climate change			Lectures by award recipients			General meeting			
	A Mid-sized Hall A	S02 Effect of bias in dispersal and distribution		U01 Publishing 'An Introduction to ecology: A General Education Perspective'	W01 Ecologists with Kids Discuss Species Interactions	W05 Reverse Dispersal from Island					
	B Mid-sized Hall B	S03 Hidden environmental values of old-growth grasslands		U02 Ecologist's Contribution to Sustainably Managed Natural Sites	W02 Let's develop an R package!	W06 Lightning talks at Sapporo					
	C 104+105	Oral	M Material cycling	Oral		Ecosystem management					
	D 107	Ecology course for children		Ecology course for children							
	E 108	Oral	Evolution		Oral	Material cycling		Oral	Evolution		
	F Small Hall	S04 The changes in nature revealed by the Monitoring Sites 1000 Project		U03 Academic publishing	W03 Contribution of ecology to community development using natural resources	W07 Plant physiological ecology					
2F	G 204	S05 Connectivity in River Ecology		W04 Facal management in animals		W08 MAFES: Biochar application and ecosystem responses in forests					
	H 201+202	Oral	M Biodiversity	Oral		Biodiversity	Animal-plant interaction	Oral	Animal-plant interaction		
	I 207	U04 Field Survey Considering Participant Diversity		Oral	Plant population		Oral	Plant ecophysiology			
	J 206	Animal reproduction		Oral		M Animal population / Life history of animals / Animal reproduction		Oral	Behavior		
	P Main Hall	Poster presentations (Plant community, succession and regeneration/Plant ecophysiology/Evolution and mathematical ecology /Animal community/Material cycling)		Poster Core Time		Poster presentations (Plant community, succession and regeneration/Plant ecophysiology/Evolution and mathematical ecology /Animal community/Material cycling)					
1F	Poster presentations by high school students		Poster Core Time (high school students)		Poster presentations by high school students						
	Exhibition of sponsors										
	Online Poster(ONLINE CONF)·Virtual lobby(SpatialChat)										
Room	9:00	10:00	11:00	12:00	13:00	14:00	15:30	16:00	17:00	17:30	19:30

Sapporo Convention Center On-site(hybrid)

17 March[MON]

Room	9:00	10:00	12:00	14:00	15:30	16:00	17:00	17:30	18:00	19:30
1 F	S Conference Hall	S06 Deer-induced problems		*Not available on demand Oral S Deer-induced Problems		*Not available on demand Oral S Deer-induced Problems		S W15 Deer Impacts on Biological Communities and Ecosystem Functions		
	A Mid-sized Hall A	S07 Disease Ecology		U05 Field Safety Training	S11 Evolution of Social Behavior				W16 Constraints shaping ecology and behavior	
	B Mid-sized Hall B	S08 Do plants simply endure the winter?		U06 Mentoring & meetup(Moai)	*Not available on demand S12 bamboo flowering					
	C 104+105	Oral	S Ecosystem management	S W09 Speak English!		W12 Frontiers of phenotype analysis: Takao Suzuki's World				
	D 107	Oral	Conservation	Oral S Conservation		Oral S Conservation		W17 Role of Sasa bamboo		
2 F	E 108	Oral	Mathematical ecology	Oral S Mathematical ecology		Oral Math small cal ecolo gy		W18 Approaching from actual data and theory		
	F Small Hall	S09 ELA in ecology		U07 DIAS and JaLTER	W10 Discussion: What can we do for Nature Positive?		W13 Re-Framework for Wildlife Management		W19 EBVs in Japan and Asia	
	G 204	S10 Classification for agroecological PAR of agrobiodiversity in rice field		W11 Regional and taxonomic variations in rice paddy landscapes		W14 Advances in Serpentine Ecology		W20 Ecological speciation revisited		
	H 201+202	Oral	S Animal-plant interaction	Oral Animal-plant interaction Oral Animal community		Oral Animal community				
	I 207	Oral	Plant ecophysiology	Oral Plant ecophysiology/Plant reproduction		Oral S Plant population / Life history of plants / Plant ecophysiology				
1 F	J 206	Oral	Behavior	Oral S Behavior		Oral Behavior				
	P Main Hall	Poster presentations (Deer-induced Problems/Introduced species/Fungi and microbes/Plant reproduction and life history/Ecosystem management and education and popularization of ecology/Animal population/Conservation)		Poster Core Time		Poster presentations (Deer-induced Problems/Introduced species/Fungi and microbes/Plant reproduction and life history/Ecosystem management and education and popularization of ecology/Animal population/Conservation)				
	Exhibition of sponsors									
Online		Online Poster(ONLINE CONF)・Virtual lobby(SpatialChat)								
Room	9:00	10:00	12:00	14:00	15:30	16:00	17:00	17:30	18:00	19:30

18 March[TUE]

Room	9:00	10:00	12:00	14:00	15:00	15:30	16:00	17:00	17:30
1 F	S Conference Hall	S13 Acoustic Ecology		*Not available on demand		Lectures by award recipients			
	A Mid-Sized Hall A	S14 Mars Ecology		U08 Plant Species Biology becoming an OA journal	W21 Co-creation of new Satoyama and Satoumi		W25 Grassland plants: redefinition and declining process		
	B Mid-Sized Hall B	S15 Canopy Ecology		U09 Green infrastructure for nature positive	W22 Ecology of Museum 16		W26 Morphological diversity and constraints		
	C 104+105		Oral E Evolution						
	D 107		Oral Introduced species						
	E 108		Oral Education and popularization of ecology						
2 F	F Small Hall	S16 Plant-Animal-Climate Feedback		U10 Toward Further Revitalization of the Nature Conservation Committee	W23 Integrating animal behavior and physiology for conservation ecology		W27 Conservation studies in Hokkaido utilizing the ERTDF		
	G 204	S17 Digital Biosphere			W24 Global terrestrial biospheric models		W28 Attempts to Utilize Tracking in Ecological Research		
	H 201+202		Oral E Animal community		Oral E Landscape ecology				
	I 207		Oral E Succession and regeneration	E Fungi and microbes	Oral E Plant community				
	J 206		Oral E Behavior			Oral E Behavior			
1 F	P Main Hall	Poster presentations (Acoustic Ecology/Behavior/Plant population and landscape ecology/Biodiversity/Animal-plant interaction/Animal reproduction and life history)		Poster Core Time		Poster presentations (Acoustic Ecology/Behavior/Plant population and landscape ecology/Biodiversity/Animal-plant interaction/Animal reproduction and life history)			
		Exhibition of sponsors							
	Online	Online Poster(ONLINE CONF)-Virtual lobby(SpatialChat)							
Room	9:00		12:00	14:00		15:30	16:00	17:00	17:30
